**WINSTON-SALEM, NC (December 8, 2022)** — The public is invited to view the latest art installation by renowned sculptor Lyman Whitaker. Merschel Park is located at the junction of Fourth and Trade streets in downtown Winston Salem. The installation, featuring 16 wind sculptures honoring Wanda Merschel’s 16 years of service on City Council, was made possible thanks to a generous donation from the Millennium Fund.

Lyman Whitaker is known for his stunning wind sculptures, which are designed to harness the power of the wind to create mesmerizing visual displays. His sculptures can be found in public and private collections around the world, and we are thrilled to be able to bring his work to Winston Salem. The installation will be a permanent feature in Merschel Park which is named for former City Council member Wanda Merschel and dedicated to all the women of Winston Salem.

A special “thank you” to Alfred Adams who has worked tirelessly on this park and was also responsible for bringing Lyman Whitaker’s work to our city.
